

WAGOBX® PRO

(207-3323)

Benefits

- **Maintenance Free** – BS5733 MF compliant
- **One enclosure for all 221 4mm²** – Suitable for side and Inline variants
- **Screwless design** – Moulded cord grips avoid need for screws
- **Universal design** – Cable entries either end add flexibility to circuits
- **Flat cables** – 1, 1.5 & 2.5mm² simply push into grips
- **Flex cables** – Can be used by drilling hole up to 10mm at end of marker
- **Material** – Self extinguishing Polypropylene for added safety
- **Colour** – White colour makes it easier to find in dark environments
- **Quick & easy installation** – provides secure connections using 221 series
- **Compliant** – BS EN 60670-22, BS7671, BS5733-MF
- **Multipacks** – For easy transportation
